COMMENCING AT 5.00 PM

**SHIRE OF THREE SPRINGS
ORDINARY COUNCIL MEETING NOTICE PAPER
18 NOVEMBER 2020**

President and Councillors,

An ordinary meeting of Council is called for Wednesday, 18 November 2020, in the Council Chambers, Railway Road, Three Springs commencing at 5pm.

**Keith Woodward
Chief Executive Officer**

12 November 2020

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of Three Springs for any act, omission or statement or intimation occurring during Council/Committee meetings or during formal/informal conversations with staff.

The Shire of Three Springs disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement occurring during Council/Committee meetings or discussions. Any person or legal entity that acts or fails to act in reliance upon any statement does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of Three Springs during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Three Springs. The Shire of Three Springs warns that anyone who has an application lodged with the Three Springs Shire Council must obtain and only should rely on written confirmation of the outcome of the application, and any conditions attaching to the decision made by the Shire of Three Springs in respect of the application.

* Declaring an Interest

Local Government Act 1995 - Extract

5.65 - Members' interests in matters to be discussed at meetings to be disclosed.

- (1) A member who has an interest in any matter to be discussed at a council or committee meeting that will be attended by the member must disclose the nature of the interest:
 - (a) in a written notice given to the CEO before the meeting; or (b) at the meeting immediately before the matter is discussed. (Penalties apply).
- (2) It is a defence to a prosecution under this section if the member proves that he or she did not know:
 - (a) that he or she had an interest in the matter; or (b) that the matter in which he or she had an interest would be discussed at the meeting.
- (3) This section does not apply to a person who is a member of a committee referred to in section 5.9(2)(f).

5.70 - Employees to disclose interests relating to advice or reports.

- (1) In this section: 'employee' includes a person who, under a contract for services with the local government, provides advice or a report on a matter.
- (2) An employee who has an interest in any matter in respect of which the employee is providing advice or a report directly to the council or a committee must disclose the nature of the interest when giving the advice or report.
- (3) An employee who discloses an interest under this section must, if required to do so by the council or committee, as the case may be, disclose the extent of the interest. (Penalties apply).

5.71 - Employees to disclose interests relating to delegated functions.

- If, under Division 4, an employee has been delegated a power or duty relating to a matter and the employee has an interest in the matter, the employee must not exercise the power or discharge the duty and:
- (a) in the case of the CEO, must disclose to the mayor or president the nature of the interest as soon as practicable after becoming aware that he or she has the interest in the matter; and (b) in the case of any other employee, must disclose to the CEO the nature of the interest as soon as practicable after becoming aware that he or she has the interest in the matter. (Penalties apply)

'Local Government (Administration) Regulations 1996 – Extract

In this clause and in accordance with Regulation 34C of the Local Government (Administration) Regulations 1996:

"Interest" means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

Council Role:

- ☐ Advocacy When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- ☒ Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- ☒ Legislative Includes adopting local laws, local planning schemes and policies.
- ☒ Review When Council reviews decisions made by Officers.
- ☐ Quasi-judicial When Council determines an application/matter that directly affects a person's rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

That Council Accepts:

1. The Governance Compliance Calendar report for month of October 2020.
2. Actions Performed under Delegated Authority for the month of October 2020.

Background:

Local Governments are required to fulfil duties and functions prescribed in legislation.

This expectation is prescribed in the *Local Government Act 1995* through the CEO duties which require the management of legislative compliance.

Council Role:

- ☐ Advocacy When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- ☒ Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- ☒ Legislative Includes adopting local laws, local planning schemes and policies.
- ☒ Review When Council reviews decisions made by Officers.
- ☐ Quasi-judicial When Council determines an application/matter that directly affects a person's rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

That Council adopt the 'Tourism' Policy dated 18 November 2020.

Background:

In the past 12 months the Shire's strategic focus has been on the Strategic Community Plan (SCP), Element 1 Economic Development. The objective has been to identify strategies to slow the declining population and increase commerce. These objectives have been developed and multiple reports identifying growth opportunities and projects have been submitted to Council, including:

1. Updated *Plan for the Future* strategic reports, Corporate Business Plan, Long Term Financial/Asset Plan, Workforce plan and asset fair value reports.
2. Industrial, land and housing report.

3. Tourism report.
4. Economic forum and business engagement.
5. Recommencement of the Town Centre Revitalisation Plan-Civil Works.
6. Lovelocks water harvesting and discussions about horticultural diversification.

The broader context is the Shire's vision, *"Three Springs becomes a healthy and unified community with a bright future"*, this vision is being pushed on various platforms and the discovery of Western Australia's largest land based gas and helium reservoirs are in the Shire of Three Springs (Strike Energy 'West Erregulla' and Beach Energy 'Beharra Springs' project). These resource discoveries have the potential to change Three Springs in conjunction with a strong tourism product, land and families focus. This situation is creating a sense of urgency for Three Springs to keep pace with the changing economic environment and to be prepared in advance to attract and offer incentives, and sound reasons for industry to locate operations, support industry and personnel in Three Springs.

When major projects/decisions are developed, structured and reported to Council there will be an expectation that Council adopt policy to guide Shire officers. The adoption of policy is the fourth statutory directive to Council, *"determine the local government's policies"*. A policy is a rule or principle that should better guides decisions, resulting in positive outcomes that enhance the community or unit.

Officer's Comment:

1. Part 1 of the Local Government Act 1995 section 1.3 (3) states, *"In carrying out its functions a local government is to use its best endeavours to meet the needs of current and future generations through an integration of environmental protection, social advancement and economic prosperity"* and section 1.3 (c) (d) states, *"greater accountability of local governments to their communities; and more efficient and effective local government"*.
2. The SCP is the Shire's long-term plan for the future. It outlines the long term vision, values, aspirations and priorities of the community as identified by the community, and helps Council ensure local government service delivery is consistent with and supports the community aspirations for the Shire. In practice, the Strategic Community Plan guides decision making through the Corporate Business Plan and Annual Budget. It helps to determine priorities for the delivery of programs, projects and services.
3. The Shire of Three Springs 2018-2028 SCP states in section 2.4.1 *"Develop and restore Duffys Store"*, 2.4.2 *"Work Closely with CBH to identify opportunities for alternative uses of the silos"* and 1.3.6 *"Investigate and develop the long-term use of the Three Springs Mining Camp"*.
4. The 2013-2017 Shire of Three Springs Corporate Business Plan (CBP) stated, *"The proposal is to restore the building to bring it back to a safe level where it will not deteriorate further, and then install a Museum and Visitor Centre within the building. Third stage of the building project would be to install another building behind the heritage listed buildings to house machinery and tools for display, and have a Men's Shed operate in this space"*.

5. The 2017-2021 CBP stated, *“The Shire also sees ongoing opportunities in tourism development and supports the Duffys Building development as a key tourism facility and will also continue to be part of the Wildflower Country Incorporated projects to maximise tourism opportunities” and “The proposal is to continue to repair and restore the building and then incorporate other community facilities at the rear of the heritage building. This could include Pop up Shop, Museum Space, or Men’s Shed”.*
6. The 2020-2024 CBP states *“Develop and Restore Duffys Store”, “Work Closely with CBH to identify future opportunities for alternative uses of the silos” and “investigate and develop the long-term use of the Three Springs Mining Camp”.*

In June 2020 the Chief Executive Officer (CEO) submitted to Council with the Duffys Store Discussion Paper. The paper included three tourism elements; Duffys Store, Silo projection/tours and the Glyde Street Caravan Park. These elements should not be viewed in isolation but as a symbiosis as with the multiple Duffys Store attractions.

Tourism is one of the Shire economic elements that can be aligned particularly when the Shire’s SCP tourism strategy and initiatives align and support State and National Government Strategy.

“The State Tourism Strategy 2020 was intended to realise that opportunity by growing visitor numbers and doubling tourism spend to \$12 billion a year.”

“Tourism contributes a significant amount to the WA economy. In the year ending 31 March 2017, 19.35 million trips were taken within the state by Western Australians and there were 10.4 million overnight visitors to the state. All visitors, which includes international, interstate, intrastate and day trippers combined, spent \$10.14 billion in WA, and \$4.7 billion of this was spent in regional areas.

In 2010, the federal government agency Tourism Australia released a national strategy setting a whole of government target of doubling Australia’s tourist spend to \$115 billion by 2020.

Tourism WA subsequently led the development of the WA Tourism 2020 strategy which was released in December 2012. The strategy describes 7 strategic ‘pillars’ for growth, linked together by ongoing operations, to help deliver WA’s strategy goal of doubling tourism spend from \$6 billion in 2010 to \$12 billion by 2020.” Western Australian Auditors General Report, WA State Tourism Strategy 2020.

What are we trying to achieve in the future?

The Tourism Vision:

Three Springs is the heart of the North Midland tourism experience becoming an iconic desired tourism destination achieving its full potential by delivering against the State’s tourism brand promise.

Three Springs will promote the arts and culture to those persons who do not have ready access to the benefits of a vibrant and diverse art and cultural centre by showcasing through quality collections, projection and performance of cultural heritage.

That heritage is the heart of Three Springs, we recognise and conserve our places of significance cultural heritage to the State, by preserving and presenting Duffys Store and the Silos.

This stretch vision and goals assumes that National and the State Government will support Three Springs by partnering and creating a favourable environment for tourism infrastructure investment and development, activities that support and participate in the overall vision to deliver the experience extraordinary brand promised.

Three Springs also boasts a diverse and exciting events calendar, featuring events such as off road motor racing, star gazing, wild flower exhibition weekend and the North Midlands arts festival and walk-in cinema.

Our Shire Council and hardworking farming community wants to share these experiences with the world, growing our domestic and international tourism market, and we believe that the whole of government and industry working together will help us achieve this goal.

There are currently three tourism elements:

1. Develop Duffys Store into an iconic historical tourist site and community hub to serve as a model for other regional tourism sites.
2. Develop the grain silos tourism experience. The silos are located in the centre of town across the road from Duffys Store:
 - Incorporate the projection livestreaming of cultural events and the projection walk-in cinema.
 - Incorporate silo tours with a strong focus on education, adventure sports and sightseeing with unprecedented viewing over the North Midlands landscape. This will be an iconic experience.
3. Develop the Glyde Street site into a caravan/camping park. Located 400m from the town centre is the 2.6 HA Glyde Street site. This site has been partially developed, and includes \$1.9m of existing infrastructure, power, water, sewage to 40 sites and some above ground asset including site fencing, and pergolas. The focus is to stimulate the local economy by value priced caravan sites and using this municipal asset in conjunction with other asset to package attractions. Examples include, livestream the arts from Perth and on those weekends offer free municipal caravan sites, access to tennis courts, lawn bowls and the 50m swimming pool.

Tourism Elements:

1. Duffys Store

Duffys Store and Billiard Saloon was constructed in 1909 during the opening up of the region and settlement of the Three Springs township. The historical value and importance of Duffys Store being the oldest standing shop in Western Australia sets apart this project. The heritage significance of the building was recognised when it was registered on the State Register of Heritage Places in March 2005.

The Duffys Store project goals are:

1. Provide a safe and relaxing environment that is 1909 focussed with experiences for all age groups;
2. Restore Duffys store/shop to a 1909 museum experience;
3. Museum WA endorsed experience, presenting the history of Three Springs, the region, and travelling museums exhibitions;
4. Relocate the Visitors Centre to the store;
5. Restaurant offering diverse high quality licenced culinary experience from the region;
6. Sell local Aboriginal art and regional food on a commission basis;
7. Community meeting place;
8. Arts and exhibition centre;
9. Historical movies, i.e. The history of wheat and sheep in Australia;
10. Manage the silo projection system;
11. Manage the future Shire Caravan Park;
12. Manage the Silo Tourism and Projection.

2. Silos

The silo projection project would project images on to the silos opposite Duffys Store to attract visitors to town. This is still being developed, however should the project

proceed the management of the project could be coordinated by the staff in Duffys Store.

Ideas to be projected could be related to particular events, for example the arts, ANZAC Day, road safety messages and bushfires.

The Silo Projection Goals are:

1. The ability to project the arts events from the city or other regional locations to the North Midlands. e.g. Symphony in the City and Opera in the Park.
2. To provide outdoor cinema.
3. To showcase aboriginal arts.
4. To support events packaging and marketing of the Western Australian tourism locations and products.
5. To project community messaging and safety.
6. The silo developed into an iconic tourism destination offering silo tours, education, wheat industry, adventure sports and unprecedented North Midlands sightseeing experience.

3. Glyde Street Caravan Park

This project is the development of the former workers accommodation site that housed people working on the Mid West Energy project. Underground infrastructure including water, sewage and power remain in place making the development of a caravan park a real possibility. This project is important to maximising the economic benefit to the town from visitors staying one night or more. Research¹ has indicated the average daily spend in regional Western Australia is \$123 per person, including accommodation which could represent a significant economic benefit for the town. In the off-peak tourist months, competitive rates could be offered to attract long term visitors.

The Caravan Park goals are:

1. To provide good value camping and caravanning facilities
2. To attract more people to Three Springs
3. To increase the overnight stays by providing a range of tourism experiences

4. Special Events

The Shire specialises in drawcard weekend events. Maximising the use of the municipal asset to add substantial value to the events.

- National off-road motor racing
- Wild flower show
- Outdoor cinema and live streaming the Arts and Cultural events regional impact
- Rodeo

- Salt lake sail racing
- Silo adventure sports competition

Report Purpose:

That Council endorses:

1. The development of Dominican Park (DP).
2. The allocation of the 2020-2021 Local Road and Community Infrastructure (LRCI) grant of \$234,465 toward the development of DP.

Background:

1. 2016 DP Reserve Management order issued by the State Government in favour of the Shire for the purpose of recreation.
2. 2017 Parkland furniture installed.
3. 2020 Community consultation.
4. 2020 Successful grant \$55,000.

DP is not referenced in the Shire's Strategic Community Plan. However, it is clear that the concept to develop the DP was established in 2016 with capital investment commencing in 2017.

In July 2019 it was decided to form a working group; however the project was put on hold due to the changing of CEOs.

In March 2020 the working group met on site. All attendees received a paper detailing potential scope of works, and were asked to develop basic concept plans. Most people submitted plans which were passed onto the Manager of Works and Services.

From the consultation outcomes the park land development is generally based on the following wishes:

- **Dual Use Paths:** *(bike/walk/scooter/pram/walkers/disabled) - concrete 2m wide path. The path would circle the entire park with access from both Glyde and Touché Streets.*
- **Fitness Stations:** *have four fitness stations located on path, including those suitable for disabled / seniors.*
- **Nature Play Area:** *(tree trunk stepping stones, concrete culverts, swings, flying fox, twig wigwam, cable reel table and chairs etc) Could community donate item towards the construction? Mulch and sand from the Shire.*
- **Half-court basketball:** *cement slab size of half a court, with basketball hoop and brick half wall for hitting tennis ball or playing hand ball against. Cement could also be marked to include hopscotch*
- **Children's bike circuit:** *designed with crossings, stop signs etc to teach and enhance road safety awareness in children*
- **Picnic area:** *shaded picnic tables and benches - no bbq as there is no power to the park. Cemented or paved bases for ease of access for those using wheelchairs, strollers, prams and walkers. Water refill station in this area. Water tank on shelter for drip system for landscaping?*
- **Public Toilet:** *toilet would have to be on septic tank or be composting (eco toilet). Should have disabled access and be unisex. Water tank on building for drip system for landscaping?*
- **Landscaping:** *area of park not designated for recreation to be planted with native plants, shrubs, trees to attract birds and insects. Perhaps a sensory garden near the picnic area for those who are disabled (sight, feeling, scent). In children's area use brightly painted recycled tyres as planter pots? Utilise mulch and sand for play areas, maybe small area of grass near picnic area?*
- **Parking:** *Need off street parking (off Touché St), including ACROD parking.*

Officer's Comment:

Part 1 of the Local Government Act 1995 section 1.3 (3) states, *"In carrying out its functions a local government is to use its best endeavours to meet the needs of current and future generations through an integration of environmental protection, social advancement and economic prosperity"* and section 1.3 (c) (d) states, "greater accountability of local governments to their communities; and more efficient and effective local government".

Social Advancement:

The townsite on the northern side of the railway line is socially disadvantaged because the development and improvement of municipal asset has stalled in this area. Social advancement as referenced in Part 1 of the Local Government Act 1995 has many applications but a reasonable assessment of the municipal asset distribution within the townsites is obvious. There are no developed parks on the northern side of town even though it has the greater number of houses. This unequal distribution of public asset needs to be considered as the town develops. The broken municipal asset, rundown basketball courts and no public recreation assets for the community use on the northern side of town is unacceptable and works against improving the impact of the low socioeconomic environment. Unengaged young people is considered a disadvantage.

Consultation:

Dominican Park became a Shire project in 2016-2019, after repeated requests from the community for the area to be developed into a recreational space.

In March 2020 the working group met up at the site. All attendees received a paper detailing potential scope of works, and were asked to develop basic concept plans. Most people submitted plans which were passed onto the Manager of Works and Services.

In April, the Council identified it as part of the Drought for Communities programme application with \$55,000 of the funding to be directed to the development of the park.

Financial/Resources Implications:

On the 30 October 2020 the Shire was advised that the Local Roads and Community Infrastructure (LRCI) Program – Extension would be offered to the Shire. *"Shire of Three Springs will receive an additional funding allocation of \$234,465. This funding will be available from 1 January 2021, with the Program being extended until the end of 2021. Program Guidelines and Grant Agreements are currently being drafted and will be provided in the coming weeks. In the meantime, we encourage you to consider projects you may wish to nominate for funding under the Program Extension."*

The previous 2019-2020 LRCI guidelines stated that eligible projects included landscape, fencing, picnic shelters and playgrounds.

Annual Maintenance Costs:

The annual parkland maintenance cost is \$15,578 which will be absorbed into operations.

Strategic Implications:

In reference to the Shire's Strategic Plan (Plan for the Future):

1. Strategic Community Plan (SCP)

There is no direct reference to the redevelopment of Dominican Park in the SCP.

2. Corporate Business Plan (CBP)

Dominican Park is referenced in the CBP under 'Capital Program' 20-21 \$55,000.

There is no reference to future funding. The 'Forecast Statement of Funding' shows a \$0 surplus/deficit 20-21 to 23/24. Therefore potential future DP development funding will need to be linked to 'new money', or reductions in other programs or rates increase.

3. Strategic Resource Plan 2020-2035 (Long term financial and asset plan) (SRP)

Rate revenue is forecast to increase at 3% per year from 2021/22 for the duration of the SRP. These increases are to assist in the long term financial stability of the Shire.

There is no reference to future funding. The 'Forecast Statement of Funding' shows a \$0 surplus/deficit 20-21 to 34/35. Therefore potential future DP

development funding will need to be linked to ‘new money’, or reductions in other programs or rates increase.

There is no intent to increase rates to pay for this development and the maintenance. The development should be paid for by new money ‘grants’. To offset asset depreciation, the old depot office has been demolished and removed from the asset inventory, and it is proposed to demolish the old pottery shed, remove from the inventory once additional consultation has occurred.

4. *Work Force Plan*

The parkland maintenance workload will be absorbed into existing staff structure

Report Purpose:

That Council accepts the monthly financial report for the period ending 31 October 2020.

Background:

The Provision of the FM Regulations 1996 and associated regulations requires a monthly financial report to be presented at an ordinary council meeting within 2 months of the period end date.

- (4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), are to be —
- (a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and

- (b) recorded in the minutes of the meeting at which it is presented.

Officer's Comment:

Refer to Financial/Resources Implications

Consultation:

Nil

Statutory Environment:

The preparation of Monthly Financial reports is prepared under Section 6.4 of the Local Government Act 1995.

In accordance with FM regulation 34 (5), a report must be compiled on variances greater than the materiality threshold adopted by the council of \$10,000 or 10% whichever is greater. As this report is composed at a program level, variances commentary considers the most significant items that comprise the variance.

34. Financial activity statement required each month (Act s. 6.4)

(1A) *In this regulation —*

committed assets means revenue unspent but set aside under the annual budget for a specific purpose.

(1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —*

- (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
- (b) *budget estimates to the end of the month to which the statement relates; and*
- (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
- (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
- (e) *the net current assets at the end of the month to which the statement relates.*

(2) *Each statement of financial activity is to be accompanied by documents containing —*

- (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
- (b) *an explanation of each of the material variances referred to in sub regulation (1)(d); and*
- (c) *such other supporting information as is considered relevant by the local government.*

(3) *The information in a statement of financial activity may be shown —*

- (a) *according to nature and type classification; or*
- (b) *by program; or*
- (c) *by business unit.*

- (4) *A statement of financial activity, and the accompanying documents referred to in sub regulation (2), are to be —*
- (a) *presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.*
- (5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*
