REPORT RECOMMENDATION

Moved by: Cr Chris Connaughton

Seconded by: Mr Vernon Butterly

That the Mid-West / Wheatbelt Joint Development Assessment Panel resolves to:

1. **Approve** DAP Application reference DAP/17/01256 and accompanying plans (Attachment 1) in accordance with Clause 68 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and the provisions of Part 3, 4, 6 and Schedule 2 of the Shire of Three Springs Local Planning Scheme No. 2, subject to the following conditions as follows:

Conditions

1. This decision constitutes planning approval only and is valid for a period of two years from the date of approval. If the subject development is not substantially commenced within the two year period, the approval shall lapse and be of no further effect.
2. The development shall be undertaken in accordance with the stamped approved plans and supporting documents (Environmental Survey Assessment prepared by PGV Environmental dated 12 June 2017, Geotechnical Investigation Report prepared by JDSI dated 7 April 2017, Bushfire Management Plan prepared by Bushfire Prone Planning dated 24 May 2017, Aboriginal Heritage Assessment Report prepared by Terra Rosa Consulting dated May 2017), including any amendments and additional plans and information arising from the approval conditions.
3. Prior to the issue of a building permit the Applicant is to provide an updated site and elevation plan for the approval of the local government which details the proposed large battery shed of approximately 1,000m² at the south eastern corner of the solar panel array.
4. Prior to the commencement of development a Landscape Plan for the Tourist Area shall be submitted to the local government for approval detailing landscaping and fencing to be provided along the perimeter of the site.
5. Prior to the commencement of the use the landowner must implement the landscaping shown on the approved Landscape Plan. The landowner

- must thereafter maintain the landscaping to the satisfaction of the local government.
6. A Construction Management Plan shall be submitted by the landowner to the local government for approval and approved prior to commencement of works. The Construction Management Plan should address noise, traffic and vehicle movements and parking (including the movements of construction personnel during the construction phase), road upgrades, storage of materials, dust, removal of temporary workforce accommodation buildings and structures associated with the construction of the development or any other matters considered relevant by the local government.
 7. The development shall be completed in accordance with the approved Construction Management Plan to the satisfaction of the local government.
 8. The development shall be completed in accordance with the Stormwater Management Plans prepared by Calibre dated 1 September (Drawing No. COPS17054-SKT-G-005 and COPS17054-SKT-G-006) and 12 September 2017 (Drawing No. COPS17054-SKT-G-003). The construction drawings of the Stormwater Management Plan shall be submitted for the approval of the local government prior to the issue of a building permit.
 9. Prior to the commencement of use the recommendations of the Bushfire Management Plan prepared by Bushfire Prone Planning dated 24 May 2017 shall be implemented and thereafter maintained for the lifetime of the development to the satisfaction of the local government.
 10. The landowner shall confirm details of water supplies prior to the issue of a Building Permit.
 11. The design and location of on-site effluent systems is to be in accordance with Council requirements and any requirements of Local Planning Scheme No. 2.
 12. Prior to the commencement of the use all car parking bays and internal accessways shown on the stamped approved plans shall be constructed and marked out in accordance with Council requirements.
 13. The development shall be completed in accordance with the approved Light Emissions Management Plan to the satisfaction of the local government.
 14. Prior to the commencement of use any trees that are removed or impacted by the location of the proposed development shall be replaced with a suitable tree in the location shown on the approved Landscape Plan to the satisfaction of the local government.
 15. The Applicant is required to give at least 3 months notice to the local government if the proposed development is to cease operations and all solar panels and ancillary structures and infrastructure must be decommissioned and removed within two years of giving this notice, unless the local government agrees otherwise.

Advice Notes

1. The Applicant is advised that granting of development approval does not constitute a building permit and that an application for relevant building permits must be submitted to the local government and be approved before any work requiring a building permit can commence on site.
2. The Applicant should be made aware that the proposed works are near an area of high risk. It is recommended that persons planning to build or undertake works in high risk areas near transmission or communication assets (including those listed above) act in a safe manner at all times and in accordance with all applicable legal and safety requirements (including the 'duty of care' under the laws of negligence, Worksafe requirements and guidelines, Australian Standards and Western Power policies and procedures).
3. All people working and visiting the development are to have access to a sufficient supply of potable water that is of the quality specified under the *Australian Drinking Water Quality Guidelines 2004*.
4. The Applicant is advised that approval from the Department of Health is required for any on-site waste water treatment processes.
5. If operations are proposed to cease, the landowner shall rehabilitate the site to the satisfaction of the local government to ensure that land can be used for rural purposes.

AMENDING MOTION

Moved by: Mr Vernon Butterly

Seconded by: Mr Jason Hick

- (i) To amend Condition 13 to read as follows:

*Prior to the issue of a building permit the Applicant is to submit for the approval of the local government a Light Reflection and Emissions Management Plan and a **Visual Impact Assessment as per the Western Australian Planning Commission guidelines**. The Light Reflection and Emissions Management Plan shall demonstrate how the proposed solar panels and lighting will not cause adverse off-site visual impacts to the surrounding properties and locality to the satisfaction of the local government.*

REASON: To provide clarity to all parties in the determination of the application.

The Amending Motion was put and CARRIED UNANIMOUSLY.
