Council Role:

- Advocacy When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative Includes adopting local laws, local planning schemes and policies.
- Review When Council reviews decisions made by Officers.
- Quasi-judicial When Council determines an application/matter that directly affects a person's rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

The 2022-2023 Shire budget allocated \$20,000 for a review of its Local Planning Scheme ('the Scheme').

The cost of the Scheme review is \$27,000. Council is requested to approve a budget amendment of \$7,000. The variation in the budget will be reconciled during the Mid Year Budget Review process.

This report also recommends that Council resolve to formally commence the preparation of a new Scheme.

Background:

Local governments are involved in planning for local communities by ensuring appropriate planning controls exist for land use and development. They do this by, amongst other things, preparing and administering their Schemes and Local Planning Strategies. Schemes contain planning controls such as designation of appropriate land-uses, residential densities and development standards. Local governments must base their planning decisions on the provisions and controls in their Scheme. All Schemes and policies are required to be consistent with State Government planning objectives and requirements.

Officer's Comment:

The current Shire of Three Springs Local Planning Scheme No.2 was gazetted on 27 January 2017 and requires review to ensure the Shire's statutory planning document is consistent with the recent updates to the *Planning and Development (Local Planning Schemes) Regulations 2015* ('the Regulations').

The Regulations introduced a standardised state-wide template for the layout of Schemes and the 2020 review and update to the Regulations means that the Shire's current Scheme No.2 requires updating to ensure it is consistent with legislation. The review of the Scheme will ensure it remains contemporary and is also more robust to challenge in the event that Council finds itself subject to appeal.

It is not intended that the Scheme Review would be one of major overhauling of the existing Scheme No.2, rather a fine-tuning exercise with changes generally limited to the following:

- Updating the Scheme Text provisions to reference those as contained in the Regulations to ensure consistency and assist Council in statutory matters.
- Inserting into the Zoning Table and Schedules the updated and standardised land use definitions as contained in the Regulations and the current Regulations review.
- Standardise the zonings upon the Scheme Map and their corresponding objectives in the Scheme Text.
- Modifications to the Scheme Maps to correct minor anomalies where privately owned land has been identified for public purposes and where Crown Land has not been identified as Reserves and ensuring also that their Reserve zonings match the assigned (or Council sought) management purpose.

The one aspect where the Scheme Review will seek to introduce new aspects is around the Three Springs townsite to reflect Council's previously adopted strategic planning directions as contained in the Three Springs Townsite Local Planning Strategy (e.g. industrial zone expansion south, residential zone expansion to the north-west, rural-residential expansion to the east) and considering whether a 'Rural Townsite' zone rather than a 'Residential' zone might be more appropriate for a couple of key locations where there are existing legacy/lomixed-used use type buildings on-ground.

A copy of the current Scheme's Three Springs Townsite Zoning Map has been provided as **Attachment 10.2(a)** and a copy of the Three Springs Strategy Map (that would provide guidance on the new Scheme Townsite Zoning Map) has been provided as **Attachment 10.2(b)**.

The complete statutory Three Springs Local Planning Scheme No.2 Scheme document and maps and strategic Three Springs Townsite Strategy document can be accessed at the below link:

<https://www.wa.gov.au/government/document-collections/shire-of-three-springs-planning-information>

Consultation:

The minimum consultation process required for the Scheme Review, and subsequent advertising, of a Local Planning Scheme is set by the Act and Regulations.

Following a resolution to prepare a new Local Planning Scheme (as contained in the recommendation) Council is required under Part 4 of the Regulations to provide notification of the resolution to stakeholders that may be affected by the Scheme. This is required to include all relevant government agencies and service authorities, the surrounding local governments, and must invite within 21 days any recommendations in respect of the resolution and requests for issues for consideration in Scheme No.3.

The draft Scheme No.3, in the event that it is adopted by Council at a future meeting would be subject to a wider consultation process that is set by the Regulations, at the conclusion of which Scheme No.3 would be returned to Council for its consideration of the received submissions i.e. under the statutory process the Scheme will come before a minimum of 2 future Council meetings (pre and post advertising) to provide opportunity for further input on its content.

Statutory Environment:

Local Governments can purchase town planning services through the WALGA Preferred Supply Panel. This acquisition process is permitted in the Local Government Act 1995 (Functions and General) Regulation (s.3.57) “(b) the supply of the goods or services is to be obtained through the Council Purchasing Service of WALGA”. Under the Local Government (Functions and General) Regulations, a tender exemption applies to WALGA’s Preferred Supplier Contracts. WALGA Contracts are rigorously market tested using a compliant procurement process to ensure that the highest quality offerings are delivered at the best possible value.

Section 88 of the *Planning and Development Act 2005* (‘the Act’) requires Local Governments to review their planning scheme every 5 years. Schemes are prepared and adopted under Part 5 of the Act and in compliance with the Regulations.

Part 5 (Local Planning Schemes) of the Act and Part 4 (Preparation or adoption of Local Planning Scheme) of the Regulations provide the procedure by which a Scheme is required to be reviewed. A flowchart illustrating the Scheme Review process has been provided as **Attachment 10.2(c)**.

To formally begin the process of preparing a new Scheme it is necessary for Council to pass a resolution worded in accordance with the requirements of the Regulations. The WAPC will require a copy of Council’s resolution and a supporting explanation outlining the intent and reasons.

In essence the initiation resolution as contained in the recommendation is a procedural one to simply commence the Scheme Review, that is a process that can generally be expected to take 2 years and will be returned to Council for its consideration on at least 2 further occasions. The first being a future meeting when Council will be presented with the draft Scheme (inclusive of Text and Maps) for its

consideration. It is at this future meeting that Council considers the document and whether it wishes to then proceed to the next stages which involve referring the draft Scheme No.3 to the Environmental Protection Authority and Western Australian Planning Commission seeking their necessary consents to go to the subsequent stage of public advertising of the Scheme, after which it is again returned to Council for its consideration of the received submissions.

Policy Implications:

Council Purchasing Policy states; *“Purchasing from a WALGA PSA, CUA or other tender exempt arrangement, where a minimum of one (1) written quotation is to be obtained.”*

Financial/Resources Implications:

The variation in the budget will be reconciled during the Mid Year Budget Review process.

Strategic Implications:

The review of the Scheme will assist Council in meeting the following as contained within its Strategic Community Plan 2018-2028.

Strategic Community Plan 2018-2028			
Outcome	Strategy	Priority	Timeframe
<p>11. 1.2 - Increase the availability of land and improve services for housing and industry</p> <p>13. 3.2 - Managed population growth across a range of demographics, particularly aged and families</p>	<p>12. 1.2.1 & 3.2.1 - Review the town planning scheme and develop a town planning strategy</p>	Medium	<2 years

This item is relevant to the Council's Corporate Business Plan 2020-2024 in that it will assist on delivering outcomes relating to the key strategic goals identified within the document.
