1 MISSION STATEMENT

The Shire of Three Springs operates in a relatively stable environment in which the expectations and requirements of the community and government, as well as environmental and economic factors impact on its activities and overall performance. Council is committed to improve the quality of life of the residents of Three Springs through services based on the principles of quality, equity, value and responsiveness and to ensure operations of the Shire are conducted in a cost efficient and effective manner as not to unfairly impose upon its ratepayers and residents.

Its objectives are to:

- provide high quality roads and other services to residents in the community at reasonable cost;
- strengthen the financial viability of Council by improving efficiency and effectiveness; and
- by recognising the need to be responsible to the electorate in providing information on the activities of the Shire and to involve electors in everyday decision making, to increase the awareness of the Shire's objectives and policies for all those who live and work in the Shire, and to help the community understand the need to reconcile often conflicting factors in planning and providing services.

By these means, the community confidence in the Shire as an efficient provider of services and an effective manager of its resources will be gained.
