Silos Projection

The Shire of Three Spring's vision and mission is to make Three Springs a "healthy and unified community with a bright future". The Shire recognises tourism as a social and economic benefit to the economy of Three Springs, and the Shire has and will continue to introduce big grant-funded projects like the Main Street redevelopment, Dominican Park, Duffy's Store, Glyde Street caravan/accommodation park and the Silos Projection Project to support tourism development in the Three Springs district and on a regional and State level.

The Silo Projection Project would project images onto the silos opposite Duffy's Store to attract visitors to the town. Potential projections could be related to particular events, for example, the simulcasts of the arts, ANZAC Day, Skyworks show, road safety messages and bushfires etc. Additional to the projection of images, the projection equipment would also be utilised to hold special events such as cinema movie nights under the stars and broadcasts of special live events from within the State or nation.

Silos Projection

The Shire has successfully acquired a Lotterywest Grant to purchase a Silos projection system. The silo projection will be huge; according to WikiLeaks (May 2022), our projection may be the 9th largest projection screen globally. Regional Arts WA and Libraries WA have shown interest in providing content, which means the town could project short films/content weekly throughout the tourism season. In addition, the Shire plans to host approximately six significant events a year to make Three Springs a regional tourism destination.

The Silos Projection Project and the Duffy Store redevelopment and events are part of the Three Springs Tourism Business Case. Stakeholder engagement and consultations were part of developing the Business Case; these included workshops, community surveys and numerous meetings with local community members and businesses, state government departments, peak bodies, and other key stakeholders. More than 80% of the participants identified that both projects are 'very important' and 'important' elements that work towards making Three Springs a healthy and unified community with a bright future.

Survey Quote:

"I personally think this project overall would be a massive benefit for Three Springs and the surrounds, not just now but in the years to come, economically and socially. Offering other attractions that are just not Wildflowers would be amazing, providing all year round events or at least the shoulder months to the wildflower season. We have so much to offer and only a 3-hour drive from an international airport"

Community Gym Activation Classes

The Shire of Three Springs is organising Fitness Classes at Three Springs Gym. The Classes will be run over the 12 weeks time. The Shire has been in contact with Fabiana Ruiz from FRF Fitness to deliver the '12 Week Training Program' The Shire aims to encourage participation of community members at the gym while supporting a local business.

North Midland Regional Club Development Plan

In April 2021, an Every Club Grant Scheme from the Department of Local Government, Sport and Cultural Industries (DLGSC) was funded to assist with developing a North Midlands Club Development Plan. The funding was also supplemented by contributions from the six shires (Three Springs, Coorow, Carnamah, Mingenew, Morawa and Perenjori), including direct and in-kind support.

Consultation with the North Midlands Sporting groups has occurred, and the North Midlands Regional Club Development Plan is a collaboration of the feedback from each shire regarding challenges they face within their sporting groups

North Midlands Regional Club Development Plan Strategies are developed around following listed key areas:

- Volunteering
- Funding
- Communication and Information
- Considering the Environment (Flexibility in Sporting Schedules)
- Population boost
