

# ANZAC DAY 25TH 2021

10.30AM START—JACK THORPE GARDENS

# **SHIRE OF THREE SPRINGS**

## **SHIRE OF THREE SPRINGS**

### **PLANT OPERATOR/GENERAL HAND**

We are seeking an enthusiastic person to join our works team at the shire.

Applicants should possess developed skills in the operation of plant & machinery used in the maintenance and construction of roads. Previous experience in a similar position will be well regarded, however training will be provided for the successful applicant.

Salary will be in accordance with the Municipal Employees Award dependant on experience and qualifications. Shire owned housing is available.

Enquiries can be directed to Manager of Works and Service, Marc Bennett, on 0427 541 202. A Position Description and Selection Criteria are available on the Shire Website [www.threesprings.wa.gov.au](http://www.threesprings.wa.gov.au) or email enquiries can be made to [mws@threesprings.wa.gov.au](mailto:mws@threesprings.wa.gov.au)

Applications including the names of two referees must be received by the undersigned by 4.00pm Friday 23<sup>rd</sup> April 2021 and should be addressed to:

**‘PRIVATE AND CONFIDENTIAL’**

The Chief Executive Officer

Shire of Three Springs

PO Box 117

THREE SPRINGS WA 6519

Alternatively email to [mws@threesprings.wa.gov.au](mailto:mws@threesprings.wa.gov.au)

Keith Woodward  
Chief Executive Officer

## ***Police News***

Welcome to the Easter Holiday edition of the Three Springs Police Yakabout article.

On behalf of the station we hope the Easter Bunny (Not present on our twitter this year) payed you all a visit and left a few sugary treats shaped like an egg.

During this period Police will continue to pay attention to road traffic offences such as speeding, overtaking when unsafe, crossing double white lines and drink driving offences.

On the topic of drink driving offences Three Springs Police conducted a traffic stop a week or so ago on Thomas Street, the driver gave a positive result for alcohol and was conveyed back to the station where he underwent a formal breath test which again provided a positive result.

As a result, the driver was charged with a drink driving offence under the Road Traffic Act and will face a possible loss of licence.

If you have been drinking alcohol and are over the limit it's simple, don't drive.

On a brighter note the "Men's Night" workshop, cancelled last time due to Covid 19 has been re scheduled for the 21<sup>st</sup> April, 2021 (More details to come).

The Three Springs Police are excited to participate in the event, on or off duty and look forward to a good turnout.

These workshops are a positive way to come together, communicate, provide support to each other and hopefully have a few good laughs.

Until next time take care of each other and give us a wave when you see us cruisy past.

## Fun Fact

### How to Find South Using the Southern Cross

One of the easiest and well-known constellations to find in our night sky is the Southern Cross. This is the smallest of the 88 constellations and throughout autumn and winter you can find it lying high in the southern sky.

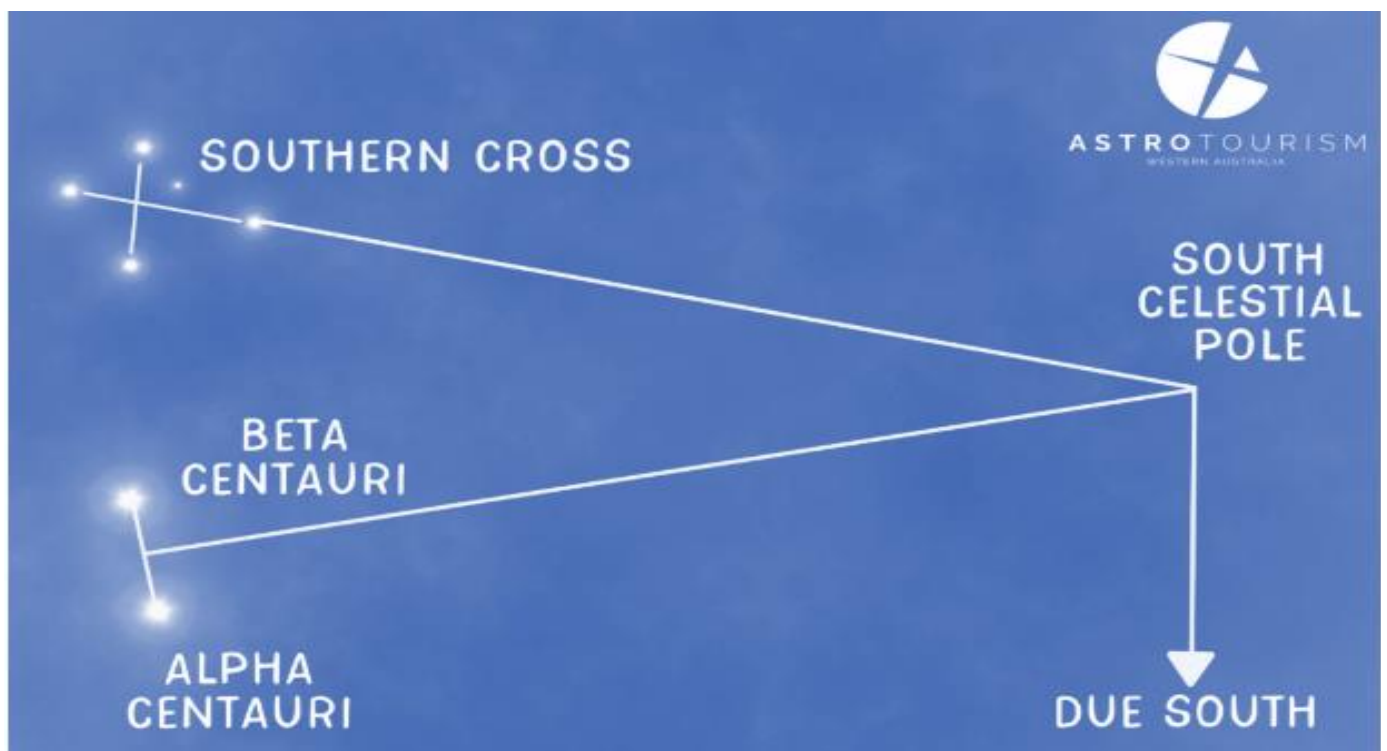

When you head outside to stargaze in the early autumn evenings, you will first notice two bright stars on a diagonal. Together, the two stars are commonly known as the “Pointers”, because they seem to point towards the Southern Cross.

The Southern Cross itself is above the Pointers. It looks like a diamond lying on its side and is actually made up of five stars.

Now let's find south using the Southern Cross.

First, imagine a line extended out from the long axis of the Southern Cross. At the same time imagine another perpendicular line extending from between the Pointers. Roughly, where these two lines intersect, marks our South Celestial Pole. Drop a line straight down to the horizon to find due south!

# FRIENDS OF THE NORTH MIDLANDS HEALTH SERVICE INC.

Come and buy your cakes & fill the seeding lunchboxes at the Friends

## *Cake Stall & Raffles*

SATURDAY 1<sup>st</sup> MAY 2021

DUFFY'S STORE

Railway Road Three Springs

9.30am

*Then spoil yourself with a cake & coffee or light lunch kindly supplied  
by the Three Springs Hotel.*

We have purchased the ECHONOUS Bladder Scanner which we raised funds for last year. This system is for non-invasive imaging of the human body. It's use is intended for the following applications: Abdominal, Musculoskeletal, Paediatric and Prostate. So a very valuable piece of equipment which can be utilised for the care of a large cross section of the community.

We will continue to raise funds for projects as requested by the hospital staff and have decided to hold a seeding and harvest cake stall in preference to the Hospital Fete as in the past.

Your support for the cake stall in the way of cooking, preserves, plants, crafts, flowers and other items of interest would be much appreciated.

*Let's work together to support the health of all in the North Midlands.*

If you would like help to deliver your contribution to the cake stall please ring

Web: [www.dmirs.wa.gov.au](http://www.dmirs.wa.gov.au)

### Stay in charge of battery safety

Australia may be home to the world's largest lithium-ion battery, at South Australia's Hornsdale Power Reserve, but it's the smaller models that have prompted a reminder about how to safely handle, use and store them.

Consumer Protection and WA's electrical safety regulator, Building and Energy, are aware of two incidents in WA this year in which e-cigarette batteries have ignited in the user's pocket, causing significant burns. Similar explosions have tragically caused deaths overseas.

The recent cases are believed to have resulted from a small lithium-ion battery, around the same size as an AA battery, being transported in the person's pocket on its own, rather than inside a device or case. It appears that the battery has made contact with nearby metal objects such as coins or keys, causing a short-circuit, overheating and an explosion.

Lithium-ion batteries of all sizes carry a huge amount of stored energy, which makes them a popular source of power for a wide range of equipment such as whipper-snippers, drills, mobile phones and computers. It's also what makes them dangerous when they do ignite, so it's vital to ensure that all batteries, chargers and devices are fit for purpose and handled and used safely.

The key advice from Building and Energy and Consumer Protection's product safety team is:

- Never use batteries showing signs of swelling, overheating or damage, particularly if the protective layer or wrapping has come away.
- Avoid over-charging batteries by removing them from the charger as soon as they're ready.
- Only use the battery and charger supplied with the device or recommended by the manufacturer – don't mix and match chargers and batteries just because they fit.
- Use a protective device such as a case to safely transport the battery.
- Be cautious about purchasing chargers and other electrical equipment from overseas.
- Look for a regulatory compliance mark (a tick inside a triangle) or go to [ees.gov.au](http://ees.gov.au) to check whether the charger is approved for use in Australia.

For more information on product safety and electrical advice, visit the Consumer Protection and Building and Energy websites via [dmirs.wa.gov.au](http://dmirs.wa.gov.au).

Alternatively, come into the Geraldton office at 50-52 Durlacher Street for further information or phone us on 9920 9800.

# Three Springs Anzac Service 2021

A mounted parade of Veterans, RSL members and marching public will leave from the southern end of town at 10:30 am. Please arrive at the gathering area prior to this if you would like to march with us.

The service will begin once the parade arrives at the Cenotaph and will feature a talk on Women at War by Inez Davies.

Members of the public are invited to lay a wreath during the service.

Morning tea to follow at the Three Springs Hall.

We look forward to celebrating this Anzac Day with you on Sunday 25th April.

## ANZAC Day 2021

We will be holding services in Carnamah and Three Springs with a special emphasis on Women at War

Sunday 25th April
